Xerox® WorkCentre® 7775
Multifunction Printer
Exceptionally efficient.
Extra secure. Extremely easy.

xerox ®

Productive, easier to use and secure

The Xerox WorkCentre 7775 color multifunction printers thrive in document-intensive office environments where the workloads are demanding, security's a must, and ease-of-use and ease-of-management truly matter.

Performance to increase productivity

Why crowd the office with multiple devices when one can meet all your needs? The WorkCentre 7775 multifunction printers have the features you use everyday and the power to be true multitaskers.

- **Up to 75 ppm copy and print speeds.** Enhance office productivity with full color at a speedy 50 ppm!

- **Fast scanning up to 80 ppm** (50 ppm in color). Your department can swiftly scan, retrieve, electronically store and distribute documents.

- **Multiple users can simultaneously perform different tasks at the device** – scan, copy, print, transmit faxes and manage the queue – a helpful feature in maximizing business efficiency.

- **A wide range of finishing options are available.** Short production runs can be efficiently handled inhouse, saving time and money.

Workflows that make your work easier

Your processes simplified

- Store scanned documents directly on the device for exact reprint later, while also retaining the flexibility to change document parameters before reprinting.

- Scan to searchable PDF format for universal compatibility and easy archiving, organizing, searching and sharing.

- Scan to Mailbox stores files on the device's hard drive, where they can be printed and deleted or retrieved at a user's desktop.

- Scan to Home allows scanning to preassigned "home" destinations — such as an email address, network folder or FTP directory — for fast document routing at the push of a button.

- Improved scan export compression (MRC, JBIG2) reduces traffic on the network and speeds your documents to their destinations.

Xerox Extensible Interface Platform™ is software inside the WorkCentre 7775 multifunction printers that enable personalized solutions you can access right from the device touch screen. Engineered to easily adapt to the needs of any industry, these applications can leverage your existing databases and meet your specific business challenges. Possibilities include:

Healthcare

Streamline document routing, expedite collaboration. Create personalized scan menus, retrieve scanned files, and route documents to pre-assigned recipients, such as insurance companies and other practitioners, quickly and easily — all from your multifunction printer.

Legal

Maintain confidentiality, save time. Legal professionals can quickly and securely scan documents to custom network locations — such as case-specific or attorney-specific folders — with access and routing options based on their user ID.

Education

Focus on teaching, not paperwork. Teachers can use a customized touch-screen interface to access course-specific documents stored on the network — and quickly print them — directly from the multifunction printer.

IT

IT professionals enjoy ease of integration. Managing applications across a fleet of devices is easy. Make updates at the server level and those changes become live on all EIP-devices on the network, regardless of location or product model, eliminating the need to load software on each individual device.
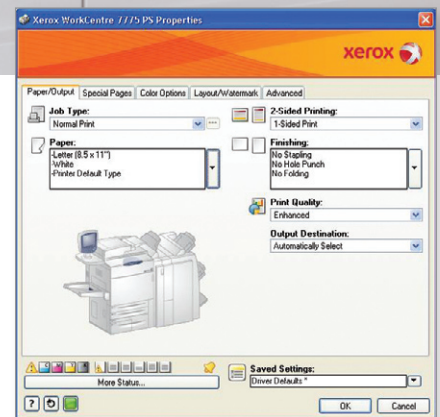

Easier from end to end

Running complex jobs doesn't have to be complicated. From the large touchscreen interface and bi-directional print drivers to simple job-based reporting and accounting tools, the WorkCentre 7775 multifunction printers are designed with reliability and ease of use in mind.

Easy to use

- **User intervention is kept to a minimum.** Two black toner cartridges means toner lasts longer and can be replaced on the fly. And SMart Kit™ technology ensures the device is kept up and running.

- **New, re-engineered color touch screen interface** features bright, intuitive icons and easy access to all major functions directly from the home screen.

- **Green print features.** Automatic earth-friendly print settings allow for not only improved productivity but also for cost savings and environmental sustainability. Options include default duplex, proof print, no banner, recycled paper and draft mode.

Easy to manage

- **Manage every device.** Using Xerox CentreWare® Web, IT administrators can easily install, configure, manage, monitor and report on printers and multifunction devices across the network, regardless of manufacturer.

- **Smart eSolutions** system simplifies ownership, with hands-free, hassle-free, secure administration of Xerox devices for automatic meter reads.

- **Xerox Standard Accounting** monitors not only the pages your office produces, but also who produced them. Manage access and gather data for print, copy, scan and fax output — black-and-white and color.

- **Automatic Information Forwarding** automatically enables the collection and sending of reports to Xerox for quicker and better service.

Intuitive, bidirectional print drivers provide easy access to all output functions.

Security at all points

How much would it cost your business if the security of critical, sensitive information became compromised? Are you at risk?

Safeguard your information

The WorkCentre 7775 color multi-function printers incorporate some of the strongest security features in the industry, ensuring that your document production workflow, often overlooked in security checks, is well-protected.

State-of-the-art security

We built in the latest network security features, such as tight integration with email security systems, embedded fax functionality which isolates the fax system from other network functions, and detailed remote management and alerts through tools such as CentreWare Web.

IT managers will appreciate the ability to create an authentication system that not only restricts access to scanning, email and output from the device, but also provides an audit trail of accountability for all device users.

Advanced security features:

- **Network Authentication** restricts access to scan, email and network fax features by validating user names and passwords prior to use. With Audit Log capabilities you'll know who sent what and when.

- **Secure Print** prevents unauthorized viewing by holding jobs in the queue until a PIN is entered, releasing documents to print. Secure Print job submission utilizes IPsec.

- **Image Overwrite** eradicates data by over-writing the disk surface with patterns of data.

- **Embedded Fax** prevents unauthorized device access via the fax subsystem. There is complete separation of the fax telephone line and the network connection.

- **Device Access Password Protection** ensures administrative set-up screen and remote network settings cannot be viewed or altered without authentication.

- **IP Address Restriction** (IP Filtering) controls communications with specific network clients. Operates in IPv4 and IPv6 environments.

- **Secure Scan** transmits files using HTTPS (SSL).

- **Secure Device Administration** with HTTPS is enabled through CentreWare.

- **802.1x Port Based Network Access Control** ensures that devices that are connected to the network have the proper authorization.

- **Secure Access Unified ID System** enables users to log-in at the device with their magnetic or proximity ID card for secure access to functions that need to be tracked for accounting or regulatory requirements.

Color: in-house and under control

Add the impact of color and take advantage of tools that let you choose when, where and how much color your business needs.

Color documents gain readership, make a stronger first impression and increase memory retention and boosts sales.

Color used strategically

- **Nothing gets noticed like color.**
  2400 x 2400 dpi output resolution with 256 halftones gives your documents unmatched clarity and impact.

- **Emulsion Aggregate High-Grade toner** delivers a professional glossy finish on documents where impact is the key. Trickle Charge Development (a Xerox innovation) maintains high image quality throughout the job.

- **You only pay for color on pages that use color,** making it more cost-effective to print jobs with mixed color/black-and-white documents.

- **Regulate access to color** to control costs. Allocate color-page limits by user, department, etc.

- **Built-in reporting functions** let you track all services — print, copy, scan, fax and email, as well as color printing and copying — making usage decisions easier in the future.

Add a color server for sophisticated color control and document management

EFI® Fiery® Integrated Controller

You can count on world-class color and an easy-to-use workflow with this built-in network controller. Its Command WorkStation® makes it easy to program, monitor and manage workflows. Color-management tools enable precise color from all applications, platforms, and formats. Precise color matching tools ensure total color quality control in the printing workflows of graphic arts professionals. Options include a Secure Disk Erase Kit, Impose 2.7, EFI Color Profiler, Memory and Hotfolders.

Paper input

1
250-sheet Duplex Automatic Document Feeder quickly processes single- or double-sided originals.

2
250-sheet bypass Tray adjusts for custom sizes up to 13 x 19 in.

3
Two 500-sheet trays are adjustable up to 11 x 17 in.

4
2,010-sheet letter-size tandem tray.

5
2,000-sheet High-Capacity Feeder (optional) can increase total capacity to 5,260 sheets.

Paper output

6
Multiple finishing options let you choose the capabilities that are right for individual workgroups.

		WorkCentre 7775
Speed		Up to 75 ppm black-and-white / 50 ppm color
Duty Cycle		300,000 pages / month
System Memory		2 GB, 80 GB Hard drive
Paper Handling Paper input	Standard	**Duplex Automatic Document Feeder:** 250 sheets
		Trays 1–2: 500 sheets each; Size: Standard selectable sizes up to 11 x 17 in. / A3
		Tray 3: 870 sheets; Size: 8.5 x 11 in. / A4
		Tray 4: 1,140 sheets; Size: 8.5 x 11 in. / A4
		Bypass Tray (Tray 5): 250 sheets; Size: Custom sizes up to 13 x 19 in. / SRA3; Total: 3,260 sheets
	Optional	**High Capacity Feeder:** 2,000 sheets; Size: 8.5 x 11 in. / A4; Total: 5,260 sheets
Paper output	Optional	**Offset Catch Tray (OCT):** 500 sheets
		Advanced Finisher: 500-sheet top tray, 3,000-sheet stacker tray, 2/3-hole punching and 50-sheet multiposition stapling
		Professional Finisher with Booklet Maker: 500-sheet top tray, 1,500-sheet stacker tray, 2/3-hole punching, 50-sheet multiposition stapling, saddle-stitch booklet maker, bi-folding
		Light Production Finisher: 500-sheet top tray, 2,000-sheet stacker tray, hole punching, 100-sheet multiposition stapling, saddle-stitch booklet maker, bi-folding, 200-sheet post-process interposer, optional C- and Z-folding
		Convenience Stapler: 50-sheet stapling
Copy First-page-out-time		As fast as 5.5 seconds black-and-white / 8.9 seconds color
Resolution (max)		2400 x 2400 dpi
Copy features		Automatic two-sided, auto reduction and enlargement (25 %–400 %), auto paper select, auto tray switching, mixed-sized originals, booklet creation, image quality enhancements, Build Job, book copying / two-sided book copying, auto color selection, transparencies, booklet creation, multi-up, invert image, covers, annotation and Bates™ stamping (with color capability), inserts and tab copying, sample set and job storage, heavy-weight paper
Print Processor / PDL Support		1.33 GHz Freescale Processor / PCL® 5c, PCL 6 emulation, Adobe® PostScript® 3™, PDF v1.6
Connectivity		10/100/1000 Base-TX Ethernet
Resolution		2400 x 2400 dpi
Print features		Delay, Sample and Secure Print, simultaneous rip, receive, Program Ahead, queue-process and transmit, Bi-directional print drivers, Page-level programming, Tab printing, Embedded Web Server for remote control/monitor/setup, Job monitoring at device and at desktop
Fax	Optional	Walk-up Fax (one-line and two-line options), LAN Fax, Internet Fax, Network Server Fax, Fax Forward to Email
Scan	Optional	Network scanning, Scan to email, Scan to PC Desktop®, Scan to Mailbox, Scan to searchable PDF, PDF/A and XPS®
Other Options		Foreign Device Interface, Xerox Copier Assistant, Xerox Secure Access Unified ID System, Fiery Network Server, Work Surface, Unicode Printing
Security		Fax Security, Secure Print, Audit Log, Secure Workflows, 802.1x, SNMP V3, Network Authentication, Device Access Password Protection, IP Filtering, Disk Image Overwrite
Accounting		Xerox Standard Accounting (Copy, Print, Scan, Fax, Email), Additional Job Based Accounting Options available
